

# INTERMODAL SOLUTIONS

Ship with confidence.

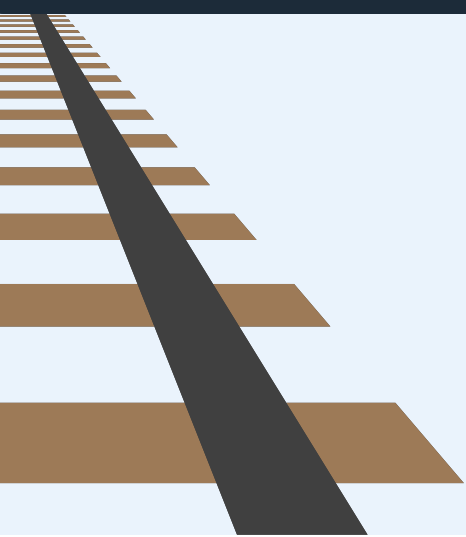

**Intermodal** is the use of two or more modes of transportation for the continuous shipment of freight from pick up to final delivery.

## BENEFITS OF INTERMODAL

- Provides scheduling capabilities and accurate real-time shipment status
- Reduces transportation cost in lanes over 400 miles
- Offers a one source solution
- Reliable capacity
- Reduces delays due to highway congestion

## WHY CHOOSE KBX?

As an **intermodal service provider**, we have direct agreements with all class 1 railroads, allowing us to deliver competitive rates.

With over 2,000 intermodal shipments per week, we have the scale and experience to street turn from our facility to yours.

**2,000+**  
INTERMODAL  
SHIPMENTS PER WEEK
