

WE CAN SHIP THE BIG STUFF

Open Deck Solutions

We have had continued growth with a variety of specialized equipment and experience servicing over-dimensional shipments.

Freight We Haul

Shipping thousands of loads per day makes us one of the largest flatbed/specialized shippers in the US. We handle a variety of materials including glass, lumber, machinery, equipment, coils, plastics, pallets, and more!

Equipment We Use

Flatbed, conestogas, A-frames, single drop, double drop, belly tarped, RGN – heavy haul, oversize/super loads.

By the Numbers

250+

specialized dedicated trucks

1,500+

specialized loads/day

We Ship Glass – and Lots of It

We haul up to 20ft glass packs to fabricators across North America on specialized equipment.

We shipped crated glass around the world and help import international moves.

We even haul specialized “bird glass” that is environmentally conscious and safer to wildlife!
